Announcement 1195

Attention Provider Types 12, 17 (Specialties 166, 174, 179, 181, 182, 195, 196, 197 and 198), 20, 24, 74 and 77:

Meningococcal and Influenza Vaccines (CPT Codes 90620, 90621 and 90630)

Attention provider types 12, 17 (specialties 166, 174, 179, 181, 182, 195, 196, 197 and 198), 20, 24, 74 and 77: Meningococcal and Influenza Vaccines (CPT codes 90620, 90621 and 90630) are new Vaccines for Children (VFC) vaccines. Effective on claims with dates of service on or after August 1, 2016, CPT codes 90620, 90621 and 90630 will no longer deny with edit codes 0148 (Rendering provider is not certified to perform procedure) or 0309 (Services not covered). CPT codes 90620 and 90621 may be billed with dates of service on or after February 1, 2015. CPT code 90630 may be billed with dates of service on or after August 1, 2015. No prior authorization is required.

The following claims will be automatically reprocessed:

- Claims for procedure codes 90620 and 90621 with a National Drug Code (NDC) submitted by the above provider types and processed after February 1, 2015, and before August 1, 2016, that denied with edit codes 0148 or 0309.
- Claims for procedure code 90630 with an NDC submitted by the above provider types and processed after August 1, 2015, and before August 1, 2016, that denied with edit codes 0148 or 0309.

A future web announcement will notify providers when the affected claims will be reprocessed.
